Brief Introduction

Solid Dunes Contracting is one of the leading contracting companies serving the complex demands of the industry across Saudi Arabia. We are a trusted **Oil & Gas and Industrial** service provider with a strong presence in the Kingdom. We're built on excellence and have earned a reputation for delivering outstanding results and consistent customer satisfaction.

At **Solid Dunes Contracting**, we bring together the right people, the right equipment, and the right expertise to deliver projects of any scale across Saudi Arabia. Whether it is large-scale industrial construction, manpower mobilization, or heavy equipment deployment, our integrated approach ensures seamless execution from start to finish. We take pride in building not just structures, but long-term partnerships with every client we serve.

Vision & Mission

Our Vision

- To be Saudi Arabia's most trusted contractor
- To deliver at the highest quality standards
- To lead in Oil & Gas contracting regionally

Our Mission

- Deliver complete contracting solutions with exceptional value
- Ensure timely project completion within budget always
- Strengthen reputation through quality and client satisfaction

Our Value

- Conducting every operation with honesty and transparency
- Prioritizing health and wellbeing of our people
- Committing to highest standards in every project

Our Strategy

- Enhance Health & Safety across all operations
- Deliver best-value solutions through strong partnerships
- Invest in people through continuous training programs

Quality Policy

Based on our Strategic Direction, **Solid Dunes Contracting** is committed to fully meeting the agreed requirements of our clients and stakeholders in the fields of Project Management, Engineering Services, Infrastructure Construction, Industrial Mechanical & Electrical Construction, and Steel Building Construction (Turnkey Solutions).

As quality is a culture we pledge to foster, Solid Dunes Contracting is committed to:

- Implementing an efficient Quality Management System aligned with **ISO 9001** international standards
- **Fully meeting**, and striving to exceed, the agreed requirements of our clients and stakeholders
- Achieving total **customer satisfaction** by recognizing, understanding, and exceeding client needs

Health, Safety, Environment Policy

It is the policy of **Solid Dunes Contracting** to protect the environment and maintain safe and healthy working conditions at all sites for our workers, visitors, clients, partners, shareholders, the community, and all other relevant stakeholders.

Solid Dunes Contracting is committed to achieving its HSE vision by:

- Fulfilling all compliance obligations and adhering to applicable **HSE legal requirements** across the company
- Providing safe and healthy workplaces to prevent work-related injury and ill health
- Promoting environmental protection and pollution prevention within all operations
- Continuously improving our **HSE Management System**, its policies, objectives, and programs

Logistics & Transportation

Emergency Services

Solid Dunes Contracting is fully equipped to provide emergency transportation whenever required. Our standby maintenance team operates 24x7 to respond to any emergency, supported by a highly skilled inter-facility transport team.

Industrial Fabrication

We actively participate in **industrial fabrication and construction** of camps and warehouses for multinational companies across the Kingdom, serving both heavy industrial projects and field site locations.

Logistics

We specialize in managing project logistics of any scale and location, acting as project managers or expert consultants. We handle logistics planning across all stages of the project cycle — from site selection through Pre-FEED, FEED, and final execution — including comprehensive route planning.

Customs Clearance

Our team manages end-to-end customs clearance as part of integrated project logistics, ensuring smooth movement of goods and materials across all stages of project execution.

Transportation

Solid Dunes Contracting provides both **Domestic and International Transportation**. Land transportation forms the backbone of our logistics offering, designed to meet the supply chain needs of clients across multiple industries.

Fleet

Our fleet operates continuously across the entire Kingdom of Saudi Arabia and to neighboring countries, **delivering industrial goods** with experienced and trained heavy drivers.

Skills

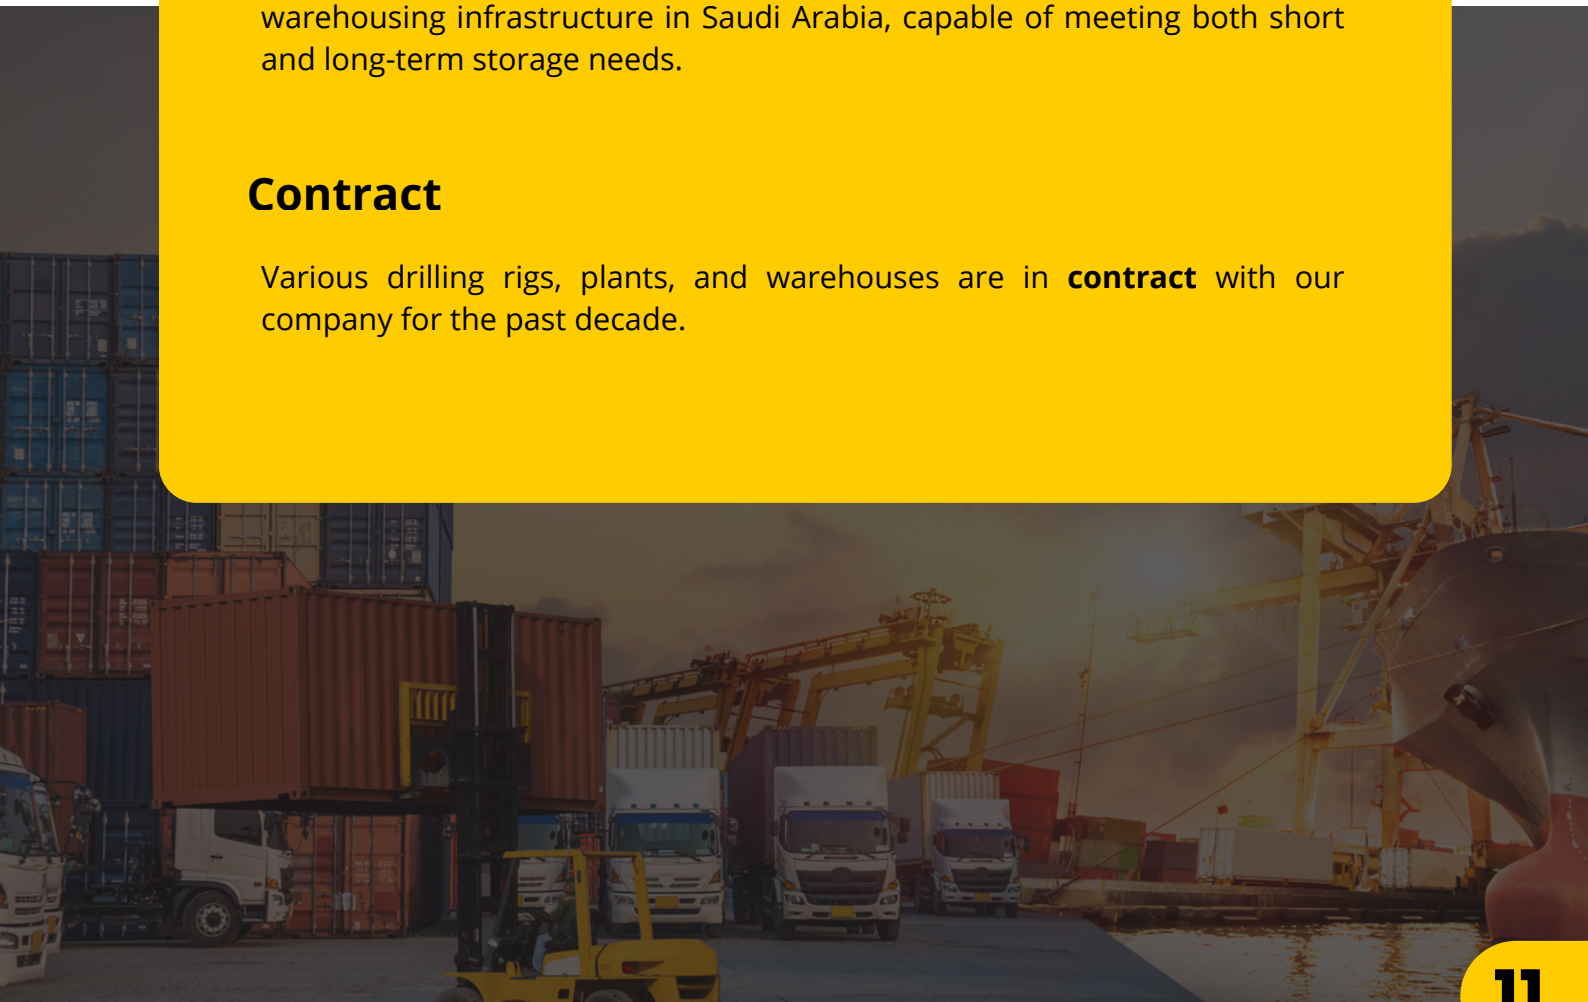

Our skilled workshop staff are on hand to manage and resolve any operational **issues** arising during fleet operations.

Handling

We offer **terminal handling** and warehousing facilities tailored to client requirements. Solid Dunes Contracting operates its own terminal and warehousing infrastructure in Saudi Arabia, capable of meeting both short and long-term storage needs.

Contract

Various drilling rigs, plants, and warehouses are in **contract** with our company for the past decade.
